CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 2667

Introduced by Assembly Member Bloom

February 21, 2014

An act to amend Section 1812.622 of, and to add Section 1812.650 to, the Civil Code, relating to electronic devices.

LEGISLATIVE COUNSEL'S DIGEST

AB 2667, as amended, Bloom. Rental-purchase agreements: electronic devices: monitoring technology.

Existing law, the Karnette Rental-Purchase Act, provides for the regulation of rental-purchase agreements, as defined. Existing law requires rental-purchase agreements to contain specified notices, including, among other things, information on costs and terms of payment. Existing law makes it a misdemeanor to willfully violate the provisions regulating rental-purchase agreements.

This bill would add to these provisions regulating rental-purchase agreements provisions requiring a lessor to provide clear and prominent notice to a consumer and obtain express consent from the consumer at the time the lessor and the consumer enter into a rental-purchase agreement for an electronic device if that device has geophysical location tracking technology installed *by the lessor* and would prohibit a lessor from installing the technology without providing clear and prominent notice and obtaining express consent from the consumer. The bill would prohibit a lessor from using, selling, or sharing geophysical location

tracking technology on an electronic device for any purpose other than ~~to prevent fraud or loss the repossession of the electronic device when there is a violation of the rental-purchase agreement, pursuant to the law, or when requested by the consumer.~~ The bill would prohibit a lessor from using or installing monitoring technology on an electronic device ~~for any purpose other than to provide remote technical assistance when requested by the consumer.~~ The bill would provide for the expiration of and notification related to geophysical location tracking technology. ~~The bill would provide for remote technical assistance, as specified.~~

Because a willful violation of these provisions would be a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
